Keyboarding & Computer Coding
Grades TK – 2nd

Learn basic keyboarding skills to type quickly and accurately so you can begin your journey into coding! Think logically, recognize patterns, and solve problems as you explore the basic concepts of coding that are the building blocks for creating your own games, animations, and apps.

FEE: $90

Build It Codebreakers
Grades 3rd – 6th

Unlock the world of Cryptography as you learn about the different tools and techniques used throughout history to keep information safe. Test your math and sleuthing skills to solve puzzles, build a cipher to encrypt your own secret messages and find out if your friends can break your code!

FEE: $90

Release Procedures

Students will be released one-by-one from the classroom, unless otherwise indicated on the signed enrollment form. Parents or guardians picking up students must come to the door so the instructor may release each student to the parent/guardian.

FEE IS NON-REFUNDABLE after the first day of class unless Build It Workspace cancels the program due to the minimum enrollment (10 students) not being met. If your child registers late, miss classes, or withdraws before the end of the session, you are still responsible for the full session fees.
